

BRAND

BRAND. For lab. For life.®

BRAND has been a trusted partner and reference in the laboratory for over 75 years. As one of the leading liquid handling companies, we offer solutions for the life sciences, pharmaceuticals, chemistry, and process analytics.

Our promise is simple: With innovative products and uncompromising quality, we make laboratory work simple, easy, and efficient.

We are part of the Brand Group with around 1.000 employees worldwide. Together, we develop, manufacture, and distribute high-quality laboratory equipment, vacuum pumps, and systems.

Our roots and headquarters are in Germany. The Brand Group also has local entities in the United States, China, India, France, and the United Kingdom.

INNOVATIONS
FOR THE LAB

CONSULTING AND
SERVICE

Our motivation: To solve the demanding challenges of our customers in the life sciences, research and technology with our products and thus make the world a better place. Our global team of around 1000 members worldwide makes this possible.

The Liquid Handling Company

Your tasks in the laboratory are demanding and complex — your laboratory equipment shouldn't be. At BRAND, we aim to offer solutions that not only work but also make tasks simple, easy, and efficient. Our product portfolio is diverse. From liquid handling devices and pipetting robots to consumables — everything is included. With the goal that you can fully concentrate on your analyses, research, and results.

Made in Germany

Our premium quality “Made in Germany” makes it easy to achieve precise and reliable results, even in demanding applications. With our consulting, services, and logistics, we help our customers to find the best solution for their requirements. With innovative technology, we enable efficient processes in the laboratory of the future.

LIQUID HANDLING

Bottle-top dispensers, bottle-top burettes, micropipettes, tips, repetitive pipettes, pipetting aids, and more

Maintenance and calibration service
Calibration and maintenance services for liquid handling devices, also available through a DAkkS-accredited calibration laboratory on request.

Everything for your laboratory! Find it here:
